

Deductible/Coinsurance Plan¹

A better way to get and stay healthy.

Your deductible/coinsurance plan gives you access to preventive care, specialists, and health resources that can help you thrive - all for a budget-friendly cost.

And when you register on kp.org, you'll have a vast array of health management tools at your fingertips, like articles, fitness videos, podcasts and health education classes.

It's easy to get the care you need

At Kaiser Permanente, our mission is to take care of you. As a member of our Deductible/Coinsurance plan:

- **Save time:** Visit our medical offices to see your doctor, and get lab work and X-rays done – all in the same place (in most locations, you can even pick up a prescription).²
- **Avoid extra questions and paperwork:** Your care team members are connected to each other, and to you, through your electronic health record. So, they'll know important things about your health, like when you're due for a screening and what medications you're taking.²
- **Connect with care wherever you are:** No time for an appointment? No problem. Connect with your Kaiser Permanente care team through email, online chat, phone, or even video visits.²

How it works

You can choose to receive care from more than 1,200 Kaiser Permanente doctors, one of the largest multispecialty groups in Colorado, or an affiliated plan doctor. If your needs change, you can make a change, anytime. Visit kp.org/locations to search for Kaiser Permanente physicians and affiliated plan providers near you.³

Like other Kaiser Permanente plans, the Deductible/Coinsurance HMO Plan focuses on preventive care. Physicals, adult screenings, well-woman care, well-child care, and certain immunizations are covered at either no charge or for a fixed copayment, depending on your plan benefit, and you don't have to meet a deductible.⁴ Routine care is generally covered with a fixed copayment, which is not subject to your deductible limit. You'll pay a slightly higher copay for urgent care.

If you'd like to see a specialist, you can schedule a consultation with virtually any Kaiser Permanente specialist, or an affiliated plan specialist, no referral needed, with a few exceptions.³ Your specialty copay will apply.

More extensive services, including hospitalization are subject to a deductible and coinsurance. This means you'll pay for them out-of-pocket until you've reached your deductible limit. After that, you'll pay coinsurance until you reach your out-of-pocket maximum.

Once you reach your out-of-pocket maximum, Kaiser Permanente will pay 100 percent of most covered services for the rest of the year. Your deductible limit and coinsurance rates will depend on which options you choose.⁵

Prescriptions

You can always fill or refill your prescriptions at any Kaiser Permanente pharmacy. Depending on the type of medication, you may also be able to fill your formulary prescriptions at an affiliated plan pharmacy, or have them delivered to your doorstep using mail order pharmacy or our convenient same-day/next-day delivery service.⁶

New to Kaiser Permanente? Don't worry. Our clinical pharmacists will work with you and your doctor to understand our formulary and transfer your prescriptions. Our formulary is listed online at kp.org/formulary, or you can contact our Clinical Pharmacy Call Center at **1-866-244-4119 (TTY 711)**, 8 a.m. to 6 p.m., weekdays.

For scheduled inpatient care, you'll have a choice of hospitals close to home. Visit kp.org/locations to find one near you.
